GROW UP ROOFTOP BAR

GROW UP strives to create a revolutionary cocktail concept in Bali.

Opened in May, 2017, this epic rooftop space has an open-air terrace and an alluring sheltered zone seating people around an interactive bar.

As the sun goes down, Grow Up delves into a subversive selection of bespoke drinks paired with small share plates of dining delights.

An inspired cocktail menu aims to create consciousness and trigger the memory to affairs of the past with fine flavours and sultry fragrances.

Do as the hip expats and chic locals do and recline into long tropical nights high above the heat.

With a distinctly urban edge, GROW UP is an epic aerie that claims downtown Petitenget as its village with ancient rural pursuits carved surreally into raw streetscapes.

GROW UP ROOFTOP BAR is reaching for rooftop heaven!

Opening Hours: Mon - Sun: 5.30pm - Midnight.
